

Smartabase System for Player Monitoring & Welfare

Consent Form

Smartabase is a Player Data Management System. The GAA utilise Smartabase to monitor activity levels, welfare parameters and performance data for GAA players. Player information is uploaded by the player and/or coach and is accessible only to those with explicit authorisation to see the data.

DATA STORAGE AND ACCESS

- I agree to the personal data storage of my child through the Smartabase system. I understand that strict access permissions/controls are in place as outlined in the Smartabase protocols.

Yes / No (Please circle)

- I grant permission for the appointed County Player Welfare Officer and the Coach of my son's team(s) to have access to my son's data on the Smartabase system and provide interventions should a welfare matter arise.

Yes / No (Please circle)

My son is free to decline to participate in this programme, or I may withdraw their participation at any point without penalty. Their decision whether or not to participate in this system will have no influence on their present or future status in Gaelic Games.

PHOTOGRAPHY / RECORDED IMAGES

- I agree that photographs or recorded images may be taken during training activities, which may include my son and may subsequently be used and uploaded onto the Smartabase system for analysis on player welfare.

Yes / No (Please circle)

U18 COMMUNICATION

- I wish for the GAA to use group text or group email relating to the participation of my son in the use of the Smartabase system. I wish for texts and emails to be sent to;

Name of Parent/Guardian; _____

Parent / Guardian Text Contact No; _____

Parent / Guardian Email address; _____

The GAA **have/ have not (circle one)** my consent to store and access data relating to my son, [Name]_____, by granting him a Smartabase user licence.

Player DOB: _____
