RÉAMHRÁ AN CHATHAOIRLIGH – CHAIRPERSON’S FOREWORD

A chara,

I am delighted to present the 2020 Fixtures Masterplan and Competition Regulations document on behalf of the Fermanagh Competitions Control Committee, who are tasked with this work on behalf of Coiste Chontae Fhear Manach.

Personally, this is my fourth year as Chairperson of the Competitions Control Committee within the county and I would like to think that the efforts of all members of the Committee are appreciated in the County and that there is a recognition that even though we may not get everything right all of the time, we strive to improve all the time based on our experiences and feedback we receive from stakeholders.

We are an approachable and receptive group and we welcome feedback from members of the Association, but I would appeal to people to do that through the proper channels.- either get in touch with the Committee directly or ask your club delegate to raise the issue at a meeting of the County Committee. It is all too easy for people to take to social media and criticise and condemn those of us who are involved in a very challenging role, but who carry it out because we have a strong passion for preserving and promoting Gaelic Games.

This is a lengthy document with a huge amount of information within it and I encourage every stakeholder within the association in Fermanagh to familiarise themselves with its content. As a Committee, we have worked diligently to organise and schedule all internal competitions as best we can and likewise, with the publication of this document, we have aimed to present it in an easy to read format that people should hold onto and refer to when the need arises.

I want to take this opportunity to highlight a number of key points within this document.

Competition Regulations

Firstly, there are a small number of amendments to the Competition Regulations that were in place last year. These include:

- Changing the promotion rules from SFL Division 2 where a team in the top 4 opts out of participating in the promotion games following a recommendation from club delegates at the January County Committee meeting.
- Allowing flexibility for a member or former member of the county panel who was only named as an unnamed sub goalkeeper to allow such a player to play Reserve Football.
- Ending the provision for games to finish on the day and re-introducing replays for all games ending in a draw.
- Placing additional restrictions on agreed postponements to require agreements to be presented no less than 72 hours before a game is due to start and for the game to be played no later than 21 days after the fixed date.
- Following our experiences from last year, firming up regulations around unavailable or unplayable pitches and placing a duty on club officials to notify the CCC that their pitch may be unavailable/unplayable and failure to comply with this will result in heavy sanctions being taken against clubs and club officers.
- Clarifying the rules around recording games within the county for analytical and other purposes and introducing a requirement for the recording to be submitted to the County Secretary and penalties for non-compliance.
- Setting out clearly the requirements on each club with regards to the provision of referees, umpires and linesmen and the penalties for non-compliance. Clubs need to be aware that without active referees from the start of the year, they could be subject to the removal of home advantage for all adult/underage games.

I trust that all members will familiarise themselves with the Competition Regulations in their entirety, which should be read in conjunction with the County Bye-Laws and the Official Guide.

Scheduling of Adult Competitions

With regards to the scheduling of adult games, there are minimal changes to the adult competition structures and the arrangement of games. One positive step from an adult fixtures' perspective is that the U20 Inter County Competition has been moved much earlier in the year and does not directly clash with club fixtures. Unfortunately, it now clashes with other activity, including colleges football and the Allianz National Football League, which has presented a challenge to the U20 management team, but I am hopeful that further steps will be taken to improve this situation in future.

As is always the case, the ability of a County Competitions Control Committee to schedule adult club football is heavily impacted by external factors. In the early part of the year, our natural commencement date for adult club is determined by the conclusion of the National Football League (NFL), the finals of which will take place on Sunday 29th March. We intend to start our Senior Football Leagues on that day, unless Fermanagh reach the NFL Final. The Erne Cup competition will commence on 21st March.

Before the end of the month of April, which has been set aside for club football and hurling across the country, 5 games in the Senior Football League will have been played. After that, the availability of county players to their clubs becomes much more constrained and depending on the progress of the County Senior Football team, there could be a considerable number of SFL games played without county players. For example, if Fermanagh are relegated from NFL Division 2 and fail to reach the Ulster SFC Final, our Senior County team will participate in the Tier 2 competition and reaching the Final of that would leave all SFL games with the exception of the final round of fixtures being played without county players. There would be a similar scenario if we reached the Quarter Finals of the All Ireland SFC. It is important that people are aware of this possibility from the outset and the table provided within this document sets out clearly when a game may become a Game for Club Players depending on the progress of the County Senior team. We have aimed to provide as much certainty as possible in a situation where we have little certainty ourselves.

Thanks to the goodwill of clubs and the retention of the safety nets at the bottom of SFL Division 1, a regular flow of meaningful club football will continue for club players, regardless of the progress of the County Senior team.

One of the challenges in recent years has been facilitating football clubs that are providing the vast majority of hurlers to our County Senior Hurling team. We have tended to take a step back and ask clubs to reach an agreement on when games that needed to be moved would be played. Based on our experience from the last few years, we are taking a much more proactive approach and have moved the games we believe could cause a problem with preparation for the County Senior Hurling team. This move will result in teams playing two games in a weekend when others are only playing one, but it removes the uncertainty that previously existed, reduces the potential for bad feeling between clubs and the likely issue of clubs having a backlog of games at the tail end of the league season.

As has been the case in recent years, there is a strong debate on whether to play the knockout rounds of the league before or after the championship block. This issue was debated at the January County Committee meeting following the submission of a recommendation from a club and it was agreed to retain the current structure.

In summary, the difficulty with playing the league Semi Finals and Finals before the championship is that some teams will be left idle for a few weeks, with others involved in playing competitive football and this is not ideal preparation for teams entering the Championship, which is the highlight of our club calendar.

A further change that has made to scheduling is that there is no absolute certainty on when the Reserve Football Championship will be played and it will not be extended for a lengthy period waiting for teams to finish their involvement in the club championships.

We have also taken the step of deciding not to play the U17 Football Championship Final on the same day as the County Final. Whilst we are very cognisant of the attachment that people have to this game as a curtain-raiser on the biggest day of the year, on balance, the Committee and a lot of clubs within the county believe that ending the season for 16 or 17 year old on the 20th September is much too early.

We are therefore going to organize a mouth-watering double header on County Final day with the Finals of both the Intermediate and Senior Football Championship Final. We are certain that such a billing will attract a much larger crowd on our biggest day in the club calendar but we have to be conscious as a small county that our ability to raise finance through our club championships is extremely limited. Therefore, we are taking this step for one year to see the overall impact such a move will have. We accept that this decision may not be universally welcomed, but we believe it is being done for the right reasons and with the 2020 SFC and IFC Champions both playing in the Ulster Club Championship as part of a double header, we hope that people will give it a chance.

All in all, I think we as a county can be happy with the provision of football on offer to adult players. From the beginning of the leagues (senior and reserve) until the end of it, there will be one game played each weekend and this is the regular flow of football that players are crying out for.

Underage Structures & Scheduling

This is a time of considerable change within the association in terms of underage football and hurling with a raft of existing and proposed changes to underage structures across the GAA.

The recent publication by the Talent Academy and Player Development Review Committee is a very informative document that anyone interested in or involved in the development of our games should get a copy of that and read it. As part of the work of the Committee in producing the report, it engaged in one of the largest consultation exercises in the history of our Association in order to find the views of all stakeholders, including current and former underage players, coaches, teachers, parents and club and county officers.

In Fermanagh, we have adopted the approach of organising football competitions at U11.5, U13, U15, U17 and U19. It was our preference to organise the seasons for each of these age grades for as long as possible and strong consideration was given to the approach of playing U13 and U17 on week 1, U11.5 and U15 on week 2 and so on. But the reality is with the elongated nature of inter county activity at U16 and U17 level in both hurling and football from early March until early July, the chances of getting an U17 competition played in the first half of the year was very slim. We are therefore not beginning U17 football activity until August and are keeping it going until mid-November. We would like to give this group of players a much longer window with many more games, but unfortunately the space just isn't available.

We are extremely grateful to the Lisnaskea Emmetts and Derrygonnelly Harps clubs for the excellent tournaments they organise at U10.5 in the early summer months, which gives enjoyable and regular football for a large group of young players in every football club in the county. We have tried our best to facilitate the continuation of these tournaments with our fixture scheduling.

U15 football will be played on Saturday mornings until there is sufficient daylight to allow for games to be played on Wednesday evenings, which will now be set aside for underage football across the county, with Mondays remaining as the hurling evening.

We have taken the step of arranging a short U19 competition at the beginning of the year. Once again this has been done with short notice being provided to clubs. However, we believe that there is a need for a competition of this nature for players emerging from U17 to give them something to bridge the gap to adult football.

Once radical change we have facilitated is the expansion of the U13 Regional Football activity that took place in 2019, which was a wonderful initiative by the Coaching & Games Department. We are now making provision for each of those regions to participate in a Regional Competition over the summer months, before the U13 club competition starts. I am hopeful that clubs will see the fruits of this work with the players being developed to a higher level and I would encourage coaches within clubs to become active with these Regional Squads, which can also help improve the standard of coaching as people can learn from each other at these sessions.

We are proposing to the Coaching & Games Department that a similar initiative take place in the second half of the year, once adult activity is concluded, to provide focused sessions for players that are 18 and 19 years of age, to improve the standard and preparation of our players. We envisage this model being used to help identify and develop players and provide a pathway to playing U20 County Football in 2021 and we expect the U20 management team to keep a close eye on the progress of players. This would only be available to those not involved in any other football at that time so players involved with their clubs, schools or colleges would not normally participate in these sessions. They are not solely to develop players for a county team, but they are also to improve the standard of club players within the county, which will be of considerable benefit to all clubs.

2019 saw a rapid growth in the number of players and clubs that were actively playing hurling. This is a wonderful development and one that we all have a responsibility to support. Therefore, we have made provision for a suite of underage hurling competitions within the county. For example, an 11-year-old dual player can now play U11 hurling on week 1 and U11.5 football on week 2, with that pattern continuing throughout the season. Hurling competitions will be held at U11, U13, U15 and U17 within the county, with some clubs also taking part in cross-county leagues over the course of the year at different age grades. It will take time for the fruits of this labour to make their way to adult level, but if we all collectively do

our best to promote and develop hurling within the county, we can make great progress in a few short years and I look forward to seeing this work continue.

At a Special County Convention on 13th January, radical changes were agreed to our County Bye-Laws, with the aim of developing hurling in a sustainable manner across the county to allow for multiple clubs to participate at all levels. This now means that any player who is registered with a club that exclusively plays football, must get Permission to Play for another GAA club within the county. However, the County Management will be tasked with bringing forward regional zones to prevent players from playing for clubs outside their area in an effort to advance the playing of hurling across Fermanagh. It is of little benefit to the advancement of hurling if we continue to only have one adult hurling team in the county, who have no-one to play a game against.

In closing, I want to place on record my thanks to my colleagues on the Competitions Control Committee, each of whom has given up their time on a voluntary basis to enable competitions within the county, at both adult and underage level, to take place in the interests of our Association and those who play and enjoy our games.

On behalf of the Fermanagh Competitions Control Committee, may I take this opportunity to wish all of our clubs every success in 2020 in reaching the goals that each individual and team has set for the year.

ÁR BPRIONSABAIL – OUR PRINCIPLES

Our key principles in decision making have been as follows:

- Players, along with all our stakeholders, deserve and require fixture certainty.
- Having a season with a definite completion date for all internal competitions.
- Clubs support a regular flow of games for senior club players through the summer months, including ‘Games for Club Players’ regardless of the progress of the County teams.
- That there are ‘safety net’ and ‘reclaiming lost ground’ opportunities within the end of season league formats to encourage and facilitate the playing of ‘Games for Club Players’.
- All rounds of the league competitions shall be completed before any of the championship starts.
- Sustain a season long interest in club training, with championships, as the climax of the season and offering the best preparation possible for going into the end of league formats.
- Organising adult competitions where games are competitively important and meaningful throughout the season.
- Consistently, fairly and strictly enforcing all competition regulations, particularly with regards to postponements and accurate First 13 lists.
- Meeting the welfare needs of all players, club and county, by recognising that there are club player needs and county player needs, and they are both equally important within the amateur ethos of the GAA.
- The need for those who have a ‘say’ in club fixtures (County Committee, Inter-County Management team, CCC and Club Management groups) to respect the desire and need for players to play regular games for their clubs.
- Giving the club and county teams that are acting as ambassadors for our county the best possible chance to prepare for and compete in Provincial and National Competitions.

The winners of that final will be promoted to the following year's Senior Football Championship (SFC). The four 1st Round match losers will enter the championship relegation semi-finals. The two defeated teams will contest the IFC relegation final, with the loser being relegated to the following year's Junior Football (JFC).

iii. The Junior Football Championship is organised as follows:

Round 1 games - JFC Quarter Finals 1 and 2.

The two 1st Round winners will play in Semi Final 1. The two losers shall play-off in Quarter Final 3 with the loser going out. The winner of QF3 shall play the loser of SF1. The winner of this game will play the winner of SF1 in the JFC Final and the winners of that final will be promoted to the following year's Intermediate Football Championship (IFC).

iv. Notwithstanding the provisions of any other Rules, the following requirements shall specifically apply to all Club Championship Games organised under Regulation 4:

i. The Team line-out (the jersey numbers and the names in Irish and English of fifteen starting players and up to fifteen substitutes - total thirty), along with the names of the management team, shall be registered with the Adult Fixtures Administrator not later than 9am on the Wednesday before a week-end game.

The Half Time interval in the second phase of Extra time should not exceed five minutes. For the purposes of Riail 2.6 (a) (f) "Players in Extra Time"— Rules of Specification T.O Cuid II, Phase 2 of Extra Time shall be considered an extension of the initial "Extra Time" provision rather than as a new period of Extra Time (e.g. a team reduced to 14 players because of a sending off during the playing of the first phase of Extra Time must start Phase II with only 14 players etc.) If still level at the end of the Phase 2 of Extra time, a replay shall be arranged. (6) Any player wishing to transfer from one Club to another within the County, shall make application between 09:00 on January 1st and 23:59 on March 31st (inclusive).

Exception to (6): A player who has not played with a club for 96 weeks may apply for a transfer at any time during a year, provided the application for transfer is in order and complies with (2) – (5) above.

(7) All applications for transfer are to be submitted to the County Secretary. The County Secretary shall pass all applications received to the Competitions Control Committee, which shall notify clubs from which transfers are sought.

When a player signs a transfer request form, his current Club has no right to delay or refuse permission for this request. If the Club has a valid reason as to why a player may not be granted a transfer, its duty is to state such reason, quoting the applicable rules, to the County Secretary, who will relay this information to the County Competitions Control Committee, or to request a hearing, in accordance with Rule 6.5 (c) (d) (f) T.O. 2019.

(10) The County Competitions Control Committee, when adjudicating and reaching its determination on a transfer or permission to play application, shall give due consideration to the response of his current Club, and

(a) be cognisant of the role played by his current Club in nurturing and developing the player;

(b) consider the potential impact of the transfer of the player on his current Club; and

(c) consider the potential impact of the transfer of the player on the promotion of the Association's aims in the County.

(11) In accordance with Rule 6.5 (f) and 6.7 T.O. 2019, an appeal against a decision on a transfer may be made to the County Hearings Committee.

(12) In accordance with Rule 6.5 (g) T.O. 2019, a transfer becomes effective:
